No. 460 Dated 8/6/16 Received 14/6/16

Diary No. 5535	Enclos. 4	Spare Copies. –	Serial No. 26

BRIEF ABSTRACT OF LETTER.

Requests orders of Govt. as to whether permission may be granted to Mr George Wilkins of the London Mission to dispose of by sale the old Govt. Chowlbagi in the Kolar Town originally granted to them for school purposes and to utilise the proceeds thereof for the erection of other school house which the Mission owns in the town.

NOTES AND ORDERS.

1) The grant was subject to the condition that the building should not be sold or disposed of as private property & to such other conditions that might be imposed by Govt.

9/11

17) The building was given expressly for a school-house. The grant holds good only as long as the place is used as such. The ~~occup~~ receiver of a grant has also his liabilities & in this case it was incumbent on the mission to have repaired & renewed the building from time to time & kept it fit for the purpose for which it was granted. To allow it to fall into a ~~dapla~~ delapidated condition & get overgrown with lantana was not right & shows that the mission has not taken proper care of the property which was given to them for a special purpose. If the mission cannot make the place a fit one for a school they should surrender the property and apply for a fresh grant-in-aid for a school building which will be decided on its merits in the usual course.

Deputy Commissioner's Office,
Kolar District,
Dated Kolar, the 5th June 1916.

From

P. F. B O W R I N G, Esquire., J.P.,
Deputy Commissioner, Kolar District.

To

V. R. Thyagaraja Iyer, Esquire., M.A.,
Secretary to the Government of Mysore,
Revenue Department, Bngalore.

Sir,

I have the honor to state that the London Mission, Bangalore, own two buildings in Malur Town, one of them an old Government Choultry having been granted in the year 1876 by the then Chief Commissioner to the ~~Board~~ Revd.B. Rice, on behalf of the Missionary Society for the purpose of a school house of the said Mission subject to certain Conditions. This building is old and dilapidated and it is not considered safe to hold the Girls' School therein unless some substantial repairs are done to it immediately. The Amildar has recommended the school to be closed for this reason.

2. Mr. Geo. Wilkins on behalf of the London Mission, has now -- written to me Vide copy of letter dated 23rd May 1916, herein enclosed, stating that he proposes to sell this old building and with the proceeds thereof to extend the present school house by the addition of a room to it.

3. From the Sannad granted to the Mission by the Government in 1876, I find that the building in question was granted subject to the condition that it should not be sold or disposed of as personal property and that the grant is subject to such other conditions as may hereafter at any time be imposed by competent authority. Mr. Wilkins says that the disposal of this building by sale is suggested in order to find funds to entend the other school building and as such it would be in keeping with the object with which the original grant was made by the Government.

Received

General No. 460

No.

Enclosure No. 4

Requesting orders of Govt as to whether permission may be granted to the London Mission Society to dispose of by sale the Choultry granted to them by Govt & now used as a school house in Malur Town

4. In these circumstances, I have the honor to request -- orders of Government whether the permission applied for can be granted.

5. The original Sannad and its two enclosures are herewith submitted for perusal and return.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
Kolar District.

Letter dated the 23rd May 1916, from Mr.Geo. Wilkins, London Mission, to the Deputy Commissioner, Kolar District.

The London Mission has a flourishing Girls' School in Malur.

For sometime, the school has been held in two different buildings, but from an educational point of view, this arrangement is obviously not the best.

It is now proposed to sell the old school building, and with the proceeds as a part of the cost, to extend the new -- building by the addition of a large room 20 x 14.

The old school building was formerly a choultry, and was granted by the Government for the purposes of a school in 1863. The formal document was apparently prepared some years later - dated 1876.

I am advised that there can be no objection to sell the property on the grounds:-

I. that the Mission has been in undisturbed possession of the building since 1863 and has spent more money on the building than its market value to-day.

II. that the building is not being sold as personal property, but in order to erect a more suitable building for modern educational requirements.

It is in fact, the transfer of the school from one place to another in the interests of the school itself.

Before actually selling it, I wish, however, to ask if -- there is any objection to so doing.

An early reply will greatly oblige.

Thanking you in anticipation.

" C O P Y "

Deputy Commissioner,
Kolar District.

April 26. 1916.

The Vice-President
Malur Town Municipality

Dear Sir.

I received your letter informing me of the condition of the old Girls' School building and ordering me to put it in order or dismantle it within seven days from the date of the service of the notice.

I regret that it is impossible for me to do anything for some little time. My Committee do not meet until June 7th, and I have no power to dismantle the building without their permission.

I hope however to be able to repair it, but that will take time, as estimates will have to be repaired, sanctioned by our Building Committee and materials collected.

I therefore request you to kindly extend

U

the time until the end of June, when action will certainly be taken.

I remain

Yours faithfully

SERIAL No. 34

Dear Sir.

I received a copy of your letter dated October 11th to the Deputy Commissioner, Kolar District, informing me that the question whether permission may be granted to the London Missionary Society to dispose of by sale the old school building at Malur for the purpose of extending the present school there, is engaging the attention of Government & that orders will issue early in the matter.

May I ask you to kindly consider this matter as urgent. The building is falling to ruin owing to the heavy rains & will be valueless unless the matter is dealt with immediately.

36

The matter has been under inquiry since May 1916.

I remain
Yours faithfully
Geo. Wilkins

Sir,

With reference to Government Order No.5379-80--Edn. 27-15-35 dated the 15th ultimo, passing orders in the matter of the disposal of the school building in Malur, now in charge of the London Mission, I have the honor to forward herewith a copy of letter dated the 6th instant, received from Rev. Geo. Wilkins.

2. In the light of the facts now brought to notice, there does not seem to be any objection to comply with the request of the Mission Authorities and allow them to sell it, seeing that it is proposed to utilize the sale proceeds for the extension of the new building for the infant classes.

I have the honor to be,
Sir,
Your most obedient servant,
for Deputy Commissioner,
Kolar District.

Letter dated 6th February 1917, from Rev. Geo. Wilkins London Mission, Bangalore to the Deputy Commissioner, Kolar District.

In reply to your letter dated January 23rd, in which you state that Government is not in favour of permitting the Mission Authorities to sell the old school building at Malur in order to enlarge the new building and inquiring what the Mission proposes to do in the matter. I beg to state,

i. The Mission has been in possession of the building for 54 years, and during that period, the Mission has spent large sums of money in repairs.

The old building is built of mud wall mud-roof and bamboo. The building is probably about 100 years old.

The Mission has fully fulfilled its duty in relation to the building. It has spent times over the lst value of the property.

ii. The building was considered in 1863 suitable for school purposes, but the Education Authorities have repeatedly expressed their opinion that it is unsuitable for modern requirements and insanitary with insufficient ventilation.

iii. The Mission has agreed with this opinion and has built a new school which fully satisfies modern requirements.

As the new building is not large enough to accommodate all the children, the old building has been used for the infant ~~sak~~ classes.

iv. The Mission considers the old building as unsuitable for school use and that it is not in the -- interests of the efficiency of the school to hold the infant classes in a separate building.

v. The Mission desires to extend the new school building by erecting a hall 14 X 20 for the use of the infant classes.

vi. The old building is built of mud throughout with mud roof. During the period between June 1916 when the present application was made to Government and January 24, 1917, when the reply from Government was received, very heavy rains severely damaged the building and part of the roof fell in.

vii. The Mission cannot undertake the repairs of the old building, which if repaired would be condemned by the Education Authorities as unsuitable and insanitary for school use, and if Government is unable to give permission to the Mission to sell it in order to extend the new school, the Mission surrenders the property to Government.

"C O P Y"

for Deputy Commissioner,
Kolar District.
